Advanced Internet Browser Forensics Using CacheBack

Hosted by HTCIA - BC Chapter

3-Day Hands-On Instructor Led Training

Surrey, BC (Canada), September 28-30, 2010

CacheBack® is the leading Internet cache and history analysis tool on the market today that supports all five top browsers (IE, Firefox, Opera, Google, and Safari).

Government and law enforcement agencies turn to CacheBack to quickly rebuild web pages and comb through complex Internet histories to generate compelling visual reports and critical activity timelines as evidence for criminal proceedings. CacheBack is fast becoming the tool of choice to support investigations involving child exploitation offences, terrorism, crimes against persons, frauds and thefts.

Get the syllabus at: <http://www.cacheback.ca/training/CacheBack-Course-Syllabus.pdf>

3-DAY TUITION:

\$1995 USD: entitles registrant to purchase 1 license of CacheBack for only \$199 USD, regularly \$549 USD. **Special offer for existing licensed users (until 12/31/2010):** \$1795 USD. Tuition includes printed User and Training manual. **Write the CBCE certification exam on Day 3 at no cost. Additional savings for HTCIA members - please make reference to Promo Code HVBC928 for details.**

CLASS SIZE:

Minimum of 12 students. Maximum 30.

REQUIREMENTS:

Students are required to bring their own laptop with CacheBack 2.8.11 or higher installed. Microsoft Access is also required. MS Excel is optional, but preferred. CacheBack licenses purchased during registration will be provided at the start of the course.
